Colors

The Zelnex Pharmaceuticals logo is built using a balanced combination of a bold lowercase wordmark and a custom human-inspired icon. The proportions between the typography, icon, and descriptor are carefully designed to ensure maximum readability, visual harmony, and brand recognition across all applications.

The icon is aligned with the wordmark to create a unified identity that reflects professionalism, trust, and innovation.

ICON MEANING

Our icon is more than a visual identity—it represents our commitment to improving lives through quality healthcare. Inspired by a human figure in motion, the icon reflects care, trust, innovation, and global progress. Every element is thoughtfully designed to communicate our brand promise.

"Caring for Life."

ICON BRACKDOWN

The Human

The circular head and flowing shape create an abstract human figure, representing patients, healthcare professionals, and our people-first approach to healthcare.

Main Logo Font – Orizon
Orizon is exclusively used for the Zelnex logo. Its bold, contemporary letterforms create a distinctive identity that reflects innovation, trust, and excellence. This typeface should never be substituted, modified, stretched, or recreated.

Subline Font – Coolvetica
Coolvetica is used for taglines, subtitles, and short highlight statements. Its clean and friendly appearance complements the primary logo while adding personality and approachability to the brand's communication.

Supporting Typeface – Montserrat
Montserrat is the primary font for all supporting communication, including headlines, body copy, presentations, brochures, packaging information, websites, and marketing materials. Its modern, highly legible design ensures consistency and readability across every brand touchpoint.

PACKAGING GUIDELINES

Our packaging is an extension of the Zelnex identity. Every package should communicate quality, trust, precision, and pharmaceutical excellence while maintaining a clean, modern, and professional appearance.
